Summary

Experienced software engineer with 8+ years of expertise in building scalable web applications. Passionate about clean code, performance optimization, and creating exceptional user experiences.

Experience

Senior Software Engineer Tech Innovations Inc.	01/2020 - Present
Lead developer for the company's flagship product, improving performance by 40%. Mentored junior developers and implemented CI/CD pipelines that reduced deployment time by 60%.	
Software Engineer WebSolutions Co.	03/2017 - 12/2019
Developed and maintained multiple client-facing applications using React and Node.js. Collaborated with design team to implement responsive UI components.	
Junior Developer StartupXYZ	06/2015 - 02/2017
Assisted in building the company's MVP. Implemented features that helped secure Series A funding.	

Projects

E-commerce Platform React Node.js MongoDB Stripe API	06/2019 - 12/2019
Developed a full-stack e-commerce platform with React, Node.js, and MongoDB. Implemented payment processing, inventory management, and user authentication.	
Task Management App React Express Socket.io PostgreSQL	02/2018 - 05/2018
Built a collaborative task management application with real-time updates using Socket.io. Features include task assignment, deadline tracking, and progress visualization.	

Education

University of California, Berkeley Master of Science in Computer Science GPA: 3.8	08/2013 - 05/2015
Stanford University Bachelor of Science in Software Engineering GPA: 3.7	08/2009 - 05/2013

Achievements

Innovation Award

2021

Received company-wide recognition for developing an automated testing framework that reduced QA time by 35%.

Conference Speaker

2019

Presented 'Scaling React Applications' at ReactConf, with over 500 attendees.

Open Source Contributor

2018-Present

Active contributor to several popular open-source projects with over 50 accepted pull requests.
