Summary

Results-driven Software Engineer with extensive experience designing and deploying high-performance microservices using Java 17/21, Spring Boot, Python, and TypeScript. Skilled in architecting distributed event-driven systems for digital financial markets, building reactive frontends with Vue.js/React, and managing containerized cloud infrastructure on AWS with Docker and Kubernetes. Proven track record in automated testing (JUnit, PyTest), CI/CD automation, and modern AI tool integrations.

Experience

- Software Engineer – Backend & Microservices**
FinTech & Cloud Systems Solutions

2023-03 - Present

Architecting, scaling, and maintaining resilient microservices for high-throughput digital transaction and financial market data processing.
- Full-Stack Software Developer**
Digital Platforms & Enterprise Solutions

2021-09 - 2023-02

Built scalable enterprise web applications and backend microservices using modern Java, TypeScript, and Vue.js.
- Junior Software Developer**
Tech Innovations Lab

2020-08 - 2021-08

Implemented core backend functionalities, microservice endpoints, and system monitoring.

Projects

- High-Throughput Financial Settlement & Trading Engine**

Java 21 Spring Boot Kafka PostgreSQL Docker AWS

Designed a high-performance distributed microservice engine with Java Spring Boot, Kafka, and PostgreSQL for real-time ledger settlement and transaction validation.
- AI-Powered QA Test & Market Feed Analytics Assistant**

Python Vue.js TypeScript Docker FastAPI

Created an intelligent internal developer tool combining Python, Vue.js, and LLM APIs to automatically generate integration test suites and analyze market data streams.

Education

- Technical University**

Master of Science in Computer Science in Distributed Systems, Cloud Computing & Software Architecture

GPA: 1.7 (German Scale)

2021 - 2023
- University Institute of Technology**

Bachelor of Technology in Computer Science & Engineering in Software Engineering & Data Structures

GPA: First Class with Distinction

2017 - 2021

Achievements

- AWS Certified Developer – Associate

Amazon Web Services – Cloud Architecture, Serverless & Container Deployment
- Spring Certified Professional

VMware / Broadcom – Advanced Enterprise Spring & Microservices Architecture

Languages

- English (Fluent / Professional - C1)
- German / Deutsch (Grundkenntnisse - A2)
- Telugu (Native)

Skills

- Java 17/21
- Spring Boot
- Spring Cloud
- Microservices Architecture
- RESTful APIs
- Kafka
- PostgreSQL
- Redis
- Vue.js
- TypeScript
- JavaScript
- Python (FastAPI, PyTest)
- AWS (EKS, ECS, S3, RDS)
- Docker
- Kubernetes
- CI/CD (GitHub Actions)
- JUnit 5 & Mockito
- Internal AI Setup & LLM Integration
- English (Fluent / Professional)
- German (A2 / Grundkenntnisse)
- Telugu (Native)
