Summary

Passionate Full-Stack Software Engineer with strong experience developing business-critical applications using Java (Spring Boot, Java Swing), React, TypeScript, and modern Microservices. Experienced in building intuitive user interfaces for workflow and workforce management, integrating REST APIs, and maintaining high code quality through Clean Code, SonarQube, and automated test suites. Actively leveraging modern AI-assisted engineering tools to accelerate productivity, quality, and technical excellence.

Experience

- Software Engineer – Java & React**
Enterprise Workforce & Process Solutions

2023-03 - Present

Developing modern workforce management modules and digital request processing platforms using Java, Spring Boot, React, and TypeScript in an agile Scrum environment.
- Full-Stack Software Developer**
Digital Platform Technologies

2021-09 - 2023-02

Built scalable enterprise business software with modern Java, React, and relational database systems.
- Junior Software Developer**
Tech Systems Lab

2020-08 - 2021-08

Contributed to core Java backend development, API integrations, and continuous integration pipelines.

Projects

- Digital Workforce & Request Management Platform**

Java 21 Spring Boot React TypeScript PostgreSQL Docker

Engineered a hybrid enterprise platform combining Java Spring Boot microservices and modern React frontend for real-time task scheduling and process routing.
- AI-Assisted Code Quality & Test Automation Framework**

Java React TypeScript SonarQube JUnit 5

Built an internal engineering accelerator integrating LLM APIs and SonarQube reports to automatically generate JUnit test cases and pinpoint code smells.

Education

- Technical University**

Master of Science in Computer Science in Software Engineering, Distributed Systems & UI Architecture

2021 - 2023

GPA: 1.7 (German Scale)
- University Institute of Technology**

Bachelor of Technology in Computer Science & Engineering in Software Engineering & Algorithms

2017 - 2021

GPA: First Class with Distinction

Achievements

Spring Certified Professional
VMware / Broadcom – Enterprise Application & Microservices Development

Clean Code & Quality Engineering Award
Recognized for maintaining zero-debt SonarQube quality gates across core modules

Languages

- English (Fluent / Professional - C1)
- German / Deutsch (Grundkenntnisse - A2)
- Telugu (Native)

Skills

- Java 17/21
- Spring Boot
- Java Swing
- React
- TypeScript
- JavaScript
- REST APIs & Microservices
- SonarQube & Clean Code
- JUnit 5 & Mockito
- React Testing Library
- Git & GitHub/GitLab
- Scrum / Agile
- PostgreSQL & Oracle DB
- Docker & Kubernetes
- AI Developer Tooling & Productivity
- English (Fluent / Professional)
- German (A2 / Grundkenntnisse)
- Telugu (Native)
